

Order Received (In-Person Delivery)

Congratulations! Your Girl Scout received an order and the customer requested she deliver the cookies in person. Below we will walk you through the steps that need to be taken prior to delivering the cookies.

Step 1: If you receive an In-Person Delivery order that you need to approve and you have not approved the order by midnight, you will receive an email from <u>email@email.girlscouts.org</u> with the subject "Action required: you have an inperson delivery request!" letting you know your Girl Scout has received an order for delivery. Hooray!

Step 2: Click the button "Log In Now" in the email. That will take you to Digital Cookie where you can log in or go to <u>digitalcookie.girlscouts.org</u> and log in.

Step 3: Click on the "Orders" tab and see what orders are pending your approval.

Step 4: You will see a list of all orders needing approval, including the customer order number, number of packages in each order, the customer's address, when the customer placed the order, and the number of days you have to approve it until it reverts to the customer's second choice option.

TIPS!

- The customer's second choice could be "Cancel" or "Donate." Don't risk a lost sale and a disappointed customer—approve or decline orders within five days.
- Be sure to approve the order before delivering it to make sure the customer's payment is accepted.

Step 5: When determining whether to approve or decline the order, consider:

- Is the customer a known and trusted individual?
- Are you willing and able to get the cookies to the customer's location before the end of the sale. AND
- Do you have or will you have the inventory available?

If so, "Approve Order."

If you are unable or unwilling to fulfill the customer's order, click "Decline Order" and the order will default to whatever second option the customer has selected: "Cancel" or "Donate".

Step 6: There are multiple ways to approve and decline orders for delivery.

1. Check the boxes in front of the orders you want to approve or decline and then click "Approve Order" or "Decline Order"
